mercial writes as follows under date of Sept. 8th. A young man from Lexington, known as "John-nie" Paine, who held a commission in the rebel ar-my, encountered, while inebriated, Lieutenant Throgmorton, of the 5th United States Colored Cavalry, and commenced to G-d d-n "nigger soldiers and abolitionists," winding up his demonstration with the profanely expressed opinion that he could whip any officer of a "nigger regiment in Ken-

The by-standers all agree that this language was used with special reference, and was intended to apply to Lieutenant Throgmorton, and so he took it. Acting, then, in his individual character, (for he was not in uniform.) he promptly replied: "I am a nigger officer; what are you going to do about it? Paine instantly knocked Throgmorton down. and, falling upon him, a scuffle ensued, during which shots were fired from persons in the crowd, which formed almost like magic. And here is the most difficult part of the affair to solve, for Throgmorton used a revolver in the melee, and Paine started to run, and entering the Parish hotel, in the immediate vicinity of which the difficulty occurred, received a revolver from the hands of a friend. He then turned full upon his antagonist, and several shots

Paine fell dead with a bullet through his heart, and Throgmorton fell wounded in the thigh. Col. Charles Hanson, who attempted to pacify the parties, received a slight wound in the hand. Lieut. Throgmorton went to his regimental headquarters after the close of the tragedy, and the body of the unfortunate Paine was coffined and sent to his

MY DEAR SIE-It has been made my duty to transmit to you a copy of the proceedings of a re-cent meeting of citizens of Ohio, convened in this city to express the mingled sentiments of grief and gratitude with which the intelligence of the death of our late Governor filled their hearts; grief, because of the great loss and sore beceavement; gratitude that he | WHITE LLAP, ZINC, LINSKED OIL, CARRON was spared until he had seen the auspicious issue of the labors, watchings and anxioties in the assured salvation of the land he loved, and from the rebellien he abhorred.

It is a said duty which I perform. In John Brough we have lost a useful citizen, a sincere patriot, a faithful friend, a great statesman, our honored and beloved Chief Magistrate. Our only consolation, little felt in the first moments of anguish, but sure to come through slow, is in the memory of his honorable work, in the observation of its beneficent results and influences, and in the hopes of the | Indigo, Copperas, Amato, Logwood chipped and extract,

The Campaign in Iowa. IMPORTANT LETTER FROM SECRETARY HAR-LAN-THE POSITION OF PRESIDENT JOHN-SON ON NEGRO SUFFRAGE.

DEFARTMENT OF THE INTERIOR,) Washington, D. C. Aug. 26. Hen. Geo. B. Edmonds, Clermont, Iowa: DEAR SIR: I have just received your letter of the Orange, 21st inst., stating, among other things, that the Union State Convention of Iowa has adopted as a plank in its platform a recommendation in favor of negro suffrage; that the Copperhead Convention has in-dorsed President Johnson's policy for the reorganiration of States, assuming it to be in opposition to Cognac "

In reply, I have to say, that if your opinion was Harran well founded, it would be a cause of greater pain to me than to yourself; but, I beg leave respectfully to state that you misapprehended the position of President Johnson, and my own, as well as that of the Union party at large. The real question at issue, in a national point of view, is not whether negroes shall be permitted to vote, but whether they shall derive that authority from the national Gov. shall derive that authority from the national Government or the State Governments respectively. President Johnson maintains the doctrine that the

Constitution of the United States does not confer on the Federal Government the right to interiere primarily with the question of suffrage in any State of the Union; that the question may arise and properly be decided by Congress, when Scantors and members present themselves for admission to scats in that body, under the clause of the Constitution, which makes each House the exclusive judge of the qualifications and elections of members; and that other clause of the Constitution of the United States, which provides that "the United States shall guarantee to every State in the Union a republican form of government." I infer that if any State should adopt a law on the subject of suffrage, which would clearly show the State Government to be other than republican, it would be the duty of Congress to re-
